

## **Consultant / Senior Consultant**

**Marico Marine** is an independent maritime consultancy providing solutions for the marine and offshore energy sectors worldwide. Some of our marine consultancy services include marine risk assessment, marine accident investigation, port consultancy and marine risk management.

Our team of marine consultants, master mariners, marine engineers, marine technologists and data scientists have extensive experience in all aspects of shipping, port marine safety and safety of navigation.

We are looking for a Consultant / Senior Consultant to join our team of experts located at our head-office in the New Forest, near Southampton.

The role will have a particular focus on supporting Marico Marine's core business which is built around marine consultancy, risk assessment and associated services. The role will also support Marico Marine's reach across industry as we continue our drive into uncrewed vessel operations, hydrography and emerging technologies.

### **See Job Description below.**

Successful applicants will need to be enthusiastic, hard-working and willing to play a key and meaningful role in their contribution to the business. A good sense of humour is a must as you will be joining a friendly, high-achieving team who enjoy what they do.

To apply for these posts, please e-mail a CV with covering letter in Microsoft Word or PDF format to [shirley.barnet@maricogroup.com](mailto:shirley.barnet@maricogroup.com) by 5pm on Friday 24th February 2023. Informal enquiries are welcome and can be made in the same way leading up to the application deadline.

Interviews will be carried out in person or via Zoom or Microsoft Teams.

## Consultant / Senior Consultant

<b>The Company:</b>	<p>Marico Marine has been providing respected marine consultancy services to a wide range of clients for over twenty years. Clients include port and harbour authorities, regulators, marine developers, local authorities, oil, gas and renewable energy companies and any other organisation looking for pragmatic advice and proven expertise in the marine environment, backed up by technical data analysis and professional standing.</p> <p>Our Consultancy Team has grown from its origins in marine and navigation risk and now provides a breadth of shipping and navigation studies to support the design and operation of marine infrastructure including Environmental Impact Assessments (EIAs) for the marine renewables industry, safety assessments and audits for ports &amp; harbours and oil &amp; gas. We utilise specialist bespoke in-house marine traffic simulation tools and analytical techniques to investigate complex problems. More widely, and drawing on the skills of our team, we provide consenting, hydrographic and dredging advice and have undertaken market analysis, business reviews and master planning for ports and harbours.</p>
<b>Job Role:</b>	<p>The role involves working on a wide range of maritime projects across all our key business streams. The role requires time spent as a project consultant, a project manager, developing client relationships and developing business streams.</p> <p>Marico Marine Consultants are frequently required to apply their skills and experience to the following key responsibilities:</p> <ul style="list-style-type: none"><li>• Project Manage Renewable Energy, Port &amp; Harbour, and other Marico Marine projects in the UK and abroad;</li><li>• Develop costing proposals / tenders for projects;</li><li>• Perform Risk Analysis, Vessel Traffic Surveys and Data Analysis;</li><li>• Contribute to Navigation Risk Assessments;</li><li>• Utilise specialist software (e.g. ArcGIS, HAZMAN II) to assist in successful project completion;</li><li>• Report writing and QA;</li><li>• Assist with cost / benefit analysis and preparation of business cases for new projects;</li><li>• Contribute marine expertise to projects undertaken by technical colleagues; and</li><li>• Any other tasks commensurate with skills and abilities.</li></ul> <p>In addition, you will be expected to contribute to:</p> <ul style="list-style-type: none"><li>• Team development; and</li><li>• Business development.</li></ul> <p>The role is always varied and provides constant opportunity for the development of existing skills and for learning more.</p>
<b>Qualifications and Experience:</b>	<p>We are seeking professionals who are likely to have acquired the following attributes through a career in a marine based industry:</p> <p><b>Qualifications</b></p> <ul style="list-style-type: none"><li>• Educated to degree level in a relevant marine / maritime / GIS subject; and</li><li>• Membership of a professional body.</li></ul> <p><b>Experience:</b></p> <ul style="list-style-type: none"><li>• At least 2 years' experience in a relevant industry, preferably in the Offshore Renewables or Ports sector, though general marine or maritime experience in a relevant role is welcomed.</li></ul>

	<p><b>Skills:</b></p> <ul style="list-style-type: none"> <li>• Project management including budgeting skills;</li> <li>• Excellent communication and interpersonal skills;</li> <li>• Excellent written and verbal communication skills;</li> <li>• A thorough knowledge of Microsoft Word and be skilled in report writing;</li> <li>• Problem solving and analytical skills; and</li> <li>• Experience of ArcGIS would be beneficial.</li> </ul> <p><b>Personal Attributes:</b></p> <ul style="list-style-type: none"> <li>• Time management skills;</li> <li>• Attention to detail and high level of accuracy;</li> <li>• Self-motivation;</li> <li>• Ability to work alone or as part of a team; and</li> <li>• Ability to maintain strict confidentiality when dealing both in-house and with clients.</li> </ul> <p>Overall, you will be able to demonstrate drive and ambition and be able to fit in with a small team of committed but friendly individuals.</p>
<p><b>Location:</b></p>	<p>Marico Marine UK  Marico House  Bramshaw  Lyndhurst  SO43 7JB</p> <p>Following a successful induction period at our Bramshaw office, the expectation for this role is for it to be a minimum of 3 days in the office per week, with the remainder working from home. Flexibility will be required here to support operational demands.</p> <p>The role will require some travel, mainly in the UK, but possibly abroad.  A full driving licence is required.</p>
<p><b>Hours:</b></p>	<p>Full Time (37.5 hours per week)</p>
<p><b>Remuneration:</b></p>	<p>Salary: Commensurate with skills and experience.</p> <p>Pension: Company contribution of 10% of Salary. Available 6 months after completing successful probation period.</p> <p>Annual Leave: 25 days.</p>
